## All About Penguins

Penguins are very interesting birds. They are the only birds that can't fly. Penguins use their flippers to swim. People think that penguins live in the North Pole, but they do not! They live in the southern part of the world. Penguins eat fish and other sea creatures they catch in the water. They spend half of their time in the water. There are many kinds of penguins. The biggest penguin is the Emperor Penguin. It can be over three feet tall. Penguins are cool!

## Reading Day

Every year at my school, we have a special reading day. We spend the whole day reading and it is one of the best days of the year. We can bring in books from home, or read books in our classroom. We get to find cozy spots in the room to read our books. My teacher lets us bring in pillows and blankets so we can lay on the floor. We can bring in a stuffed animal to read to! This year my teacher said that we can wear pajamas and slippers to Reading Day. I cannot wait!

## All About Summer

There are four seasons in every year: spring, summer, winter and fall. Summer is the season that is the warmest. It also has the longest days of any season. It starts on June 21 and ends on September 23. In the summer, the earth is tilted towards the sun. When we have summer, the other half of the world is having winter! Many people enjoy outdoor activities in the summer because of the warm weather. Most plants grow best during the summer months because of the amount of sunlight they receive.
