

1's math notebook

All notebook pages must follow some rules to make them interesting as well as informative. Your notebook should reflect your experiences yet be easy to understand and reference.

RULES

REASON

Write neatly and legibly	So you are able to read/reference your notebook when needed!
Bring it class everyday	We will use it everyday - like how we use notes, do our work, etc. in class!
Circle or underline numbers if number in pages	To help you find a word or number quickly if easily when you need!
Color page numbers for each week and use color	If you forget what a word means, you'll be able to find the definition quickly!
Every time your teacher or TA uses notebook, you should use it in your notebook	I would not want to hear anything about "no use" not applicable to your learning! If it is not in the notebook!
Use colors when do math or when you write - highlight!	Colors are a great way to organize our notes in math, like colors and lines!
If you are a day write what you get in notes	You don't want to go to class and not have the notes page to help you. When you're absent, ask your teacher or TA and to borrow a notebook to copy!
