

TEAS

Comprehensive 12 Week Study Plan

Week 1

Diagnostics & Review

Part 1: Diagnostics

- Take the free diagnostics for all 4 subjects:

- Math
- English Language Usage (ELU)
- Reading
- Science

• Review your results:

For topics where you scored well, simply review the content and only make flashcards for concepts that you get wrong on each time.

For topics where you scored low, focus your attention on these areas and make flashcards for all of the important content to review throughout the month leading up to your exam.

The key idea here is not your study plan based on your diagnostic results. If you score high on a topic and it tests on occasion and you have limited time, only set aside that one hour that study plan and review it at the end of your test time.

The key idea here is to focus on the topics where you scored lower on the diagnostic to come earlier in the study plan so that you have more time to review them!

Part 2: Reviewing Each Subject

In addition to the diagnostic tests, begin to review the following subjects during Week 1:

- **Math**
 - Order of Operations
