INVESTMENTS

Classification of Investments: Debt securities (bonds and notes) and equity securities (common and preferred stocks).

- Debt securities:** Debt instrument that can be bought or sold between two parties and has basic terms defined, such as the amount borrowed (principal), interest rate, and maturity date.
- Equity securities:** An ownership interest in an entity or a right to acquire such an interest.
 - There are recorded at cost and measured at fair value when quoted market prices are available.
 - If quoted market prices do not exist, equity securities are reported at cost until sold.
- When the investing company lacks significant influence over the operating and financial policies of the investee, the investments are recorded using three categories:

Category	Criteria	Reporting Method Used	Treatment of Unrealized Gains and Losses
Held-to-maturity	Debt securities that the company has the intent to hold until maturity	Investment is reported at amortized cost with disclosure of fair value in the financial statement notes.	Not recognized
Trading	Debt or equity securities that the company intends to sell in the near future	Investment is reported at fair value.	Recognized in net income
Available-for-sale	Debt or equity securities not classified as held-to-maturity or trading	Investment is reported at fair value.	Recognized in other comprehensive income

Held-to-Maturity Securities

- These securities have a specified date that they mature and on that date the principal (face value) is paid to investors.
- Usually, interest is paid to the investor periodically during the life of the security.
- Prevalence:** If the interest rate (stated rate) paid by the debt security is higher than the prevailing market rate on similar risk debt securities, the debt instrument will be sold for a value greater than its face value.
 - EX:** A company buys a bond with a face value of \$1,000,000 for \$1,100,000. The premium is \$100,000. The bond would be recorded upon purchase as follows:

	Debit	Credit
Investment in bonds	\$1,000,000	
Premium on bonds	\$100,000	
Cash		\$1,100,000

- Discount:** If the interest rate (stated rate) paid by the debt security is lower than the prevailing market rate on similar risk debt securities, the debt instrument will be sold for a value less than its face value.
 - EX:** A company buys a bond with a face value of \$1,000,000 for \$750,000. The discount is \$250,000. The bond would be recorded upon purchase as follows:

	Debit	Credit
Investment in bonds	\$1,000,000	
Discount on bonds		\$250,000
Cash		\$750,000

Recognizing Interest Revenue on Held-to-Maturity Investments

- The effective interest method is used to calculate the interest revenue.
 - Effective interest rate:** The prevailing market rate of interest on debt securities with risk similar to the investment's risk.
 - EX:** A company buys a bond with a face value of \$1,000,000 for \$1,100,000. The stated rate of interest is 6%, but the market rate on debt securities with similar risk is 8%. The 8% rate will be used to calculate the interest income.

Trading Securities

Debt or equity securities that are acquired principally for the intent of selling them in the near future.

- These are typically reported as a current asset.
- Cash flows from buying and selling trading securities are typically classified as operating activities if traded by financial institutions.
 - If the company that is buying and selling trading securities is not a financial institution, then the cash flows from buying and selling the securities is classified as investing activity each time if the investment is not held for sale in the near term.
- It is recorded at cost but reported at fair value when the balance sheet is prepared.
 - Investment is written up or down to its fair value; this process is called "marking to market."
 - A valuation allowance account (fair value adjustment) is used to record the fair value adjustment, and an account called "net unrealized holding gains or losses" is used to record the rise or fall in fair value.
 - Fair value adjustment account is used to increase or decrease the carrying value of the trading securities asset value.
 - Net unrealized holding gains or losses are reported on the income statement.
 - Unrealized means that the gain or loss has not been realized because the investment has not yet been sold.
 - EX:** Investment A is a trading security that was acquired for \$100,000. Upon preparing a balance sheet, it is determined that investment A has lost \$20,000 of value. The entry would be as follows to record the unrealized loss and to re-value the investment account:

	Debit	Credit
Net unrealized holding gains and losses	\$10,000	
Fair value adjustment		\$10,000

- EX:** Investment B is a trading security that was acquired for \$100,000. Upon preparing a balance sheet, it is determined that investment B has gained \$20,000 of value. The entry would be as follows to record the unrealized gain and to re-value the investment account:

	Debit	Credit
Fair value adjustment	\$20,000	
Net unrealized holding gains and losses		\$20,000

Available-for-Sale Securities

Investments that are not intended to be traded actively but are available for sale if certain conditions are met or need arises.

- These are neither held-to-maturity nor trading securities.
- Cash flow from buying and selling available-for-sale securities are classified as investing activities on the statement of cash flows.
- Like trading securities, they are recorded at cost when acquired and reported at fair value on the balance sheet.
- Unlike trading securities, unrealized gains or losses on available-for-sale securities are not included in net income, but rather are reported on the statement of comprehensive income as other comprehensive income.
 - Comprehensive income includes not only net income, but other changes in equity that do not arise from transactions with owners.
 - EX:** Investment A is an available-for-sale security that was acquired for \$100,000. Upon preparing a balance sheet, it is determined that investment A has lost \$20,000 of value. The entry would be as follows to record the unrealized loss and to re-value the investment account:

	Debit	Credit
Net unrealized holding gains and losses OCI	\$10,000	
Fair value adjustment		\$10,000

Intermediate Accounting 2 Study Guide

Lei Shi

Intermediate Accounting 2 Study Guide:

Intermediate Accounting 2 Study Guide: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthraling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have charmed audiences this year.

Intermediate Accounting 2 Study Guide : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed.

Intermediate Accounting 2 Study Guide : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery.

Intermediate Accounting 2 Study Guide : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting.

These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered.

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts.

The Secret History is a exceptional and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
