

Science Curriculum: Grade 4

Georgia Performance Standards: Year Curriculum Map

This document is part of a framework that was designed to support the major concepts addressed in the 4th Grade Science Curriculum of the Georgia Performance Standards through the processes of inquiry. These units are written to be stand alone units that may be taught in any sequence.

The focus of fourth grade revolves around the unifying concepts of interdependence and models. Each of the content units—ecosystems, weather, forces, stars and solar system, and sound and light—is designed to promote student understanding of content and to promote the development of process and inquiry skills.
