## **Abstract**

*Human beings have made this world a glorious place to live in at the cost of indulging himself without the least restraint in a world haunted by the twin demons of speed and complexity. Faced with ever increasing demands on the limited time at his disposal, modern man sitting amidst a mountain of wealth and prosperity lives a life of worry, anxiety and dissatisfaction and often looks towards management gurus for solutions. Through this study, the researchers aim to gain deep understanding and insights into time- management and self- management, fascinating interplay between them and the broader Indian perspective on self-management. These aspects of self management and self- development have long been pointed out and highlighted by Indian scriptures and great spiritual masters. Moreover, our Indian Vedanta provides an exhaustive science of effective living by focusing on these aspects in subtle manner. It helps us to understand ourselves and the world.*
