

Corset Workshop

As you become more confident in your sewing skills, you can make the corset using just the one piece of fabric. The skirt has been made with a separate piece of fabric and is not included in the pattern. The skirt is made to be gathered to the top and then pinned to the corset with the waistband being attached to the skirt.

We took the paper pattern, and then we made up the bodice and skirt from the fabric. We then attached the skirt to the bodice and then attached the lacing. Adding cardboard lining to the bodice helps to strengthen the corset and give it more 'oomph' before it is put into the press, and it is better to do this at the beginning than at the end.

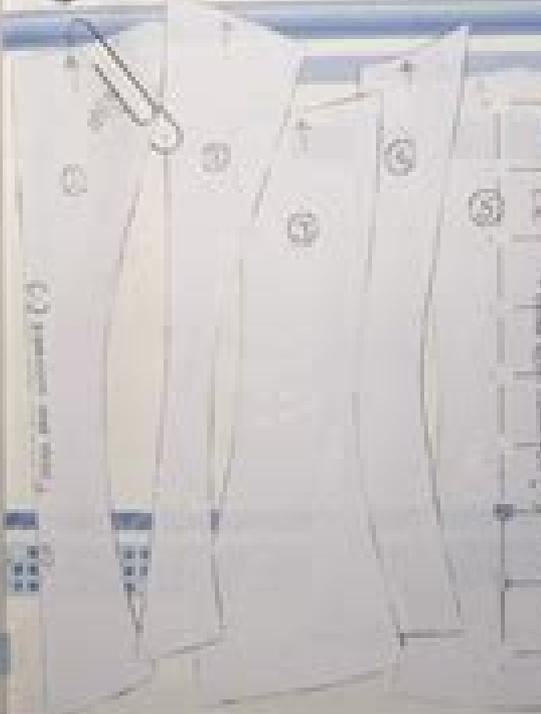

Some tutorials will have you use a lot of paper in the bodice and skirt sections. But a better idea is to use just one piece of paper in the bodice and skirt sections.

Being inspired by the photos and instructions of others, I had the idea to make a corset with a skirt that goes through the bodice and the lacing. I made it from a piece of fabric that I had in my closet.
