Nationalism in India

Modern nationalism in Europe came to be associated with the formation of nation-states. It also meant a change in people's understanding of who they were, and what defined their identity and sense of belonging. New symbols and icons, new songs and ideas forged new links and redefined the boundaries of communities. In most countries the making of this new national identity was a long process. How did this consciousness emerge in India ?

The text below is very faint and mostly illegible. It appears to be a detailed paragraph discussing the emergence of nationalism in India, similar to the one in the previous block.

- 11.1 What was people's understanding of nation ?
- 11.2 How was the growth of modern nationalism associated with the anti-colonial movement ?
