The Evolution of Presidential Polling Robert M. Eisinger, 2003-01-20 The Evolution of Presidential Polling is a book about presidential power and autonomy Since FDR virtually all presidents have employed private polls in some capacity This book attempts to explain how presidential polling evolved from a rarely conducted secretive enterprise to a commonplace event that is now considered an integral part of the presidency I contend that because presidents do not trust institutions such as Congress the media and political parties all of which also gauge public opinion they opt to gain autonomy from these institutions by conducting private polls to be read and interpreted solely for themselves

Treaty Politics and the Rise of Executive Agreements Glen S. Krutz, Jeffrey S. Peake, 2009-07-09 Krutz and Peake's book puts another stake in the heart of the imperial presidency argument Lisa L. Martin University of Wisconsin-Madison American Review of Politics Krutz and Peake reach their conclusions as a result of carefully crafted examination that might be cited as a model of political analysis of this sort As they introduce each chapter with a summary of the argument as developed and supported to that point the reader can enter into and understand their discussion and argument at virtually any point in the book In sum *Treaty Politics and the Rise of Executive Agreements* is a clearly written and important book that adds substantially to the existing literature on the presidency and on presidential-congressional relations Roger E. Kanet University of Miami International Studies Review One can only hope that this fine and challenging book starts an argument or at least a dialogue about presidential power in a post-Bush era It merits the attention of presidency and congressional scholars and those interested in the interaction of America's political institutions Michael A. Presidential Personalities and Constitutional Power Grabs in Latin America, 1945-2021 Ignacio Arana Araya, Assistant Professor of Political Science Ignacio Arana Araya, 2026-02-13 This book reveals that presidents who undermine democracy through constitutional power grabs share specific personality traits Drawing on exclusive data interviews with 24 former Latin American presidents and a survey of nearly 700 experts who assessed 228 leaders the author shows that dominant and politically inexperienced presidents are more likely to relax their term limits while risk-taking and assertive leaders tend to expand their powers By integrating differential psychology with political science the book proposes a paradigmatic shift in democracy studies opening new avenues for research on how leaders shape politics at home and abroad

Constitutional Dysfunction on Trial Jasmine Farrier, 2019-12-15 In an original assessment of all three branches Jasmine Farrier reveals a new way in which the American federal system is broken Turning away from the partisan narratives of everyday politics *Constitutional Dysfunction on Trial* diagnoses the deeper and bipartisan nature of imbalance of power

that undermines public deliberation and accountability especially on war powers By focusing on the lawsuits brought by Congressional members that challenge presidential unilateralism Farrier provides a new diagnostic lens on the permanent institutional problems that have undermined the separation of powers system in the last five decades across a diverse array of partisan and policy landscapes As each chapter demonstrates member lawsuits are an outlet for frustrated members of both parties who cannot get their House and Senate colleagues to confront overweening presidential action through normal legislative processes But these lawsuits often backfire leaving Congress as an institution even more disadvantaged Jasmine Farrier argues these suits are more symptoms of constitutional dysfunction than the cure Constitutional Dysfunction on Trial shows federal judges will not and cannot restore the separation of powers system alone Fifty years of congressional atrophy cannot be reversed in court *Workbook for Civics: Citizens and Society* Allan O.
