**Supervision** Peter Burke, Robert D. Krey, 2005 The first edition of this book titled A DESIGN FOR INSTRUCTIONAL SUPERVISION provided a structural framework for an effective program of instructional supervision The basic cognitive thrust of this second edition SUPERVISION A Guide to Instructional Leadership remains the same as the first What has changed is the attention to the detail surrounding the design components References have been updated and streamlined

activities have been modified and examples of structure have been created using the current national policy situation as a base. Philosophical and historical definitions of supervision are maintained and expanded in this edition. It will help professionals with responsibilities for instructional leadership design a supervisory program that fits a local situation by taking advantage of the foundation provided herein. Attention is given to the selection of and the interrelationships between those assumptions, principles, objectives, criteria, and procedures so that planners of supervisory programs will gain the knowledge and tools necessary to create that structure from this book. It also provides a means for schools to have a well-conceived, carefully designed, properly implemented, and continuously evaluated plan for the supervision of instruction in order to reply competently to state and federally mandated assessments for students. In addition, personal perspectives of the authors are presented in each part of the text. The book will serve as a guide and provide direction to instructional supervisors, directors of services, principals, administrators at all levels, teachers, grade level or department chairs, and others interested in the management of instruction in the school setting.

**Being Supervised** Erik de Haan, Willemine Regouin-van Leeuwen, 2022-12-30. *Being Supervised: A Guide for Supervisees* provides a complete introduction to help supervisees and supervisors to get the most out of supervision and reap its unique and substantial benefits. De Haan and Regouin van Leeuwen present a didactic method that enables professionals in the helping professions to convert insights and experiences into greater professional competence. Presented in three parts, the book approaches theory, methods, and practice from the supervisee's perspective, answering questions such as: What is supervision? How does it work? What's the benefit? Part I provides a concise exploration which introduces supervision to future supervisees. Part II is addressed to novice supervisees and examines the supervisory process based on its three main stages, and Part III is focused mainly on advanced supervisees. This fully updated and revised edition includes practical exercises that supervisees and supervisors can use in the preparation of their supervisory journey, taking into account extensive feedback from teachers and supervisors who regularly work with the book, and updates to Ashridge's Code of Conduct for Supervisors. *Being Supervised* will be essential reading for any helping professional beginning supervision or looking to understand more about the process, and for supervisors. It will be particularly relevant for psychotherapists, counsellors, coaches, and psychoanalysts in training.
