To the Purchaser

Your purchase of a John Deere Tractor meets the working requirements of modern farming.

Operating ease and comfort, hydraulic power when and where you need it, the ability to match engine power and transmission speed to any job, outstanding economy and dependability, modern styling, and simplicity of lubrication and service are all special features of this tractor.

At the time the tractor was delivered, the John Deere dealer discussed with you its safe operation and proper use. However, before putting the tractor to work, read the manual.

The safety alert symbol indicates important safety messages in this manual. When you see this symbol, be alert to the possibility of personal injury and carefully read the message that follows.

When ordering new parts, only state the 4-digit number group — without letters — of the tractor and engine serial numbers.*

For ready reference, locate and record these numbers in the space provided under the following illustrations.

Record Tractor Serial Number Here

Record Engine Serial Number Here

* It is extremely important to quote complete serial number groups together with all letters of both tractor and engine on all warranty claims or correspondence pertaining to this machine. This point cannot be overstressed.
