

Analysis Of John Proctor's Character Development In The Crucible

Arthur Miller's play *The Crucible* is based in Salem, which is engulfed in the hysteria caused by the accusation of children that many believe have partaken in witchcraft. Throughout *The Crucible*, John Proctor faces a lot of internal conflicts regarding his reputation. As the drama unfolds due to the intense conflict, his character transforms and develops. John Proctor is a man with strong morals, which is why he has major internal conflicts throughout the play. John Proctor's use in the play is to showcase how the effects of the trial take a toll on the characters in Salem, that's why John Proctor character analysis is chosen as the topic of this essay. *The Crucible* portrays John Proctor as a paragon for the people of Salem and the change can be attributed to the Salem Witch Trials, his affair, and his desire to keep his name for himself. When John Proctor first enters the play, he is seen as a well-respected, leading figure of the community. The people of Salem respect John as shown when Giles Corey and Francis Nurse look to him for help when their wives are arrested. In one way or another, he can be seen as a tormented individual because he seems to put on this facade to the people in town but then has to go home to suffer through his thoughts. As his portrayal progresses, the readers quickly see that he is suffering through a huge internal battle. It is shown that "he is a sinner, a sinner not only against the moral fashion of the time but against his own vision of decent conduct". It is clear that he is fighting internal demons because he sees himself as fraudulent. Although it is not clear, the reader can infer that something had occurred between both Abigail and John, which is why he has this internal conflict. As the play comes to an end, John has undergone a change. When he is facing a hanging, he decides to save his wife. Throughout the play, both Elizabeth and John
