Motion Guide Tweening:

Flash CS4: The Missing Manual Chris Grover, 2008-11-25 Unlock the power of Flash and bring gorgeous animations to life onscreen. It's easy with Flash CS4: The Missing Manual. You'll start creating animations in the first chapter and will learn to produce effective, well-planned visuals that get your message across. This entertaining new edition includes a complete primer on animation, a guided tour of the program's tools, lots of new illustrations, and more details on working with video. Beginners will learn to use the software in no time, and experienced Flash designers will improve their skills. Expanded and revised to cover the new version of Flash, every chapter in this book provides step-by-step tutorials to help you learn to draw objects, animate them, and integrate your own audio and video files. Add interactivity, use special effects, learn morphing, and much more. Check your work with the book's online example files and completed animations. Discover new Flash toolkits and features such as Frameless Animation. Use every timesaving aspect of Flash CS4, such as Library objects and Symbols. Learn how to automate your drawings and animations with ActionScript 3.0. With this book, absolutely no programming is necessary to get started with Flash CS4. **Flash CS4: The Missing Manual** explains in jargon-free English exactly what you need to know to use Flash effectively while avoiding common pitfalls, right from the start.

Flash CS3: The Missing Manual E. A. Vander Veer, Chris Grover, 2007-05-24 Flash CS3 is the premier tool for creating web animations and interactive web sites. Can be intimidating to learn. This entertaining reference tutorial provides a reader-friendly animation primer and a guided tour of all the program's tools and capabilities. Beginners will learn to use the software in no time, and experienced users will quickly take their skills to the next level. The book gives Flash users of all levels hands-on instructions to help them master special effects, morphing, adding audio and video, introducing interactivity, and much more. With Flash CS3: The Missing Manual, you'll be able to turn an idea into a Flash animation, tutorial, or movie. This book will help you create online tutorials, training materials, and full-blown presentations. It also teaches design principles throughout and helps you avoid elements that can distract or annoy an audience. This is the first new release of Flash since Adobe bought Macromedia, which means that it's the first version that will integrate easily with other Adobe products. It's a whole new ballgame when it comes to Flash, and Flash CS3: The Missing Manual offers you complete and objective coverage. It's the perfect companion to this powerful software.

Flash 8: The Missing Manual E. A. Vander Veer, 2006-03-22 Macromedia's Flash 8 is the world's premier program for adding animation to websites. And with the latest version, this popular program becomes more versatile, letting beginning webmasters and expert developers alike create sophisticated web content. But Flash isn't intuitive, and it doesn't come with a manual. Whether you want to learn the basics or unleash the program's true power, Flash 8: The Missing Manual is the ideal instructor. This hands-on guide to today's hottest web design tool is aimed at nondevelopers, and it teaches you how to translate your ideas into great web content. It begins with a solid primer on animation, which helps you get

comfortable with the Flash interface Once you have these basics under your belt Flash 8 The Missing Manual moves on to advanced animations including adding special effects and audio video and interactivity to your presentations When you re really feeling steady the book shows how to use a dollop of ActionScript to customize your content It then teaches you how to publish your Flash creations for web surfers everywhere to enjoy Along the way the book shows you good design principles and helps you avoid elements that can distract or annoy an audience Author Emily Vander Veer has more than a dozen books to her credit including titles on web design and scripting most written for non technical readers Her background makes her the perfect author for a straightforward book on a complex subject She takes Flash 8 The Missing Manual from the basics to the advanced yet avoids a hasty jump into tough topics that can leave readers confused Not only will Flash 8 The Missing Manual help you turn a concept into unique dynamic content but it will continue to serve as a reference as you develop your website
