Everfi Module 4

Peter Neema-Abooki

Everfi Module 4:

Quality Assessment and Enhancement in Higher Education in Africa Peter Neema-Abooki,2022-12-16 This book explores quality assessment and enhancement in higher education in Africa to illustrate the need to develop quality practices in measuring effective education and continually search for permanent improvement The book demonstrates that technological and socio economic trends innovations and inventions of the twenty first century demand that additional attention be placed upon education for national regional and international development Since conventions for quality assessment and enhancement need to be defined and systematic structures constructed to develop quality practices the book shows how quality in higher education within Africa has been established and advanced to provide a framework for monitoring auditing and reviewing assessment and enhancement Though the book considers African complexities and diversity it incorporates global trends and utilises an international focus that enables readers to devise appropriate strategies for developing and enhancing quality and standards in higher education in both continental Africa and beyond Illustrating why quality assessment and enhancement should be embraced in all aspects including inputs processes outputs and outcomes in educational settings globally this book will be of interest to policymakers and scholars in the fields of Higher Education Quality and Global Studies African Education African Studies and Management and Administration Leadership and Professional Development Studies

Reimagining Education: Studies and Stories for Effective Learning in an Evolving Digital Environment Deborah Cockerham,Regina Kaplan-Rakowski,Wellesley Foshay,Michael J. Spector,2023-05-30 Technology has developed at a tremendous rate since the turn of the century but educational practice has not kept pace Traditional teaching practices still predominate in many educational settings and educators are often intimidated by new technology However as tragic as the COVID 19 pandemic has been it has caused many people to rethink education and opportunities provided by new technologies for effective teaching and learning How can educational communities of practice be reimagined to support a growth mindset for learning This volume explores innovative visions for 21st century learning The content explores the experiences of teachers with new technology presents research studies that highlight effective strategies and technologies and shares lessons learned from a unique researcher practitioner mentoring model Educational approaches that worked well challenges that were difficult to overcome and potential benefits of effective technology integration will encourage readers to reimagine education and implement practices that can strengthen the future of online education
