The College Instructor's Guide to Writing Test Items Michael Rodriguez, Anthony Albano, 2017-05-25 The College Instructor's Guide to Writing Test Items Measuring Student Learning addresses the need for direct and clear guidance on item writing for assessing broad ranges of content in many fields. By focusing on multiple choice response items, this book provides college instructors the tools to understand, develop, and use assessment activities in classrooms in a way that consistently supports learning. Including dozens of example items and additional resources to support the item development process, this volume is unique in its practical focus and is essential reading for instructors and soon-to-be educators, professional development specialists, and higher education researchers. As teaching, assessment, and learning are inherently intertwined, *The College Instructor's Guide to Writing Test Items* both facilitates the development of instructors' own practice and improves the learning outcomes and success of students.

PRAISE FOR The Skills System Instructor's Guide In this instructor's guide, Julie Brown provides a clear, step-by-step introduction to the emotion regulation skills curriculum that she has developed over the course of two decades of work with individuals with learning challenges and emotional difficulties. Brown succeeds admirably where few others have even dared to set foot: complex emotion regulation challenges are broken down into manageable problems using a series of steps that people of many different skill levels can apply for themselves. At once simple and sophisticated, this guide is a must for anyone who works with or cares for someone with emotion regulation difficulties.

James J. Gross, PhD, professor of psychology, Stanford University, editor, *Handbook of Emotion Regulation*. This practical Skills Training Handbook fills a critical need of providing Dialectical Behavior Therapy-based techniques and related treatment procedures to individuals with emotional and intellectual challenges.

KUDOS Julie Brown, Donald Meichenbaum, PhD, Distinguished Professor Emeritus, University of Waterloo, Ontario, Canada, Research Director of the Melissa Institute for Violence Prevention, Miami, Florida. Purchase this book, and you will return to it again and again. The Skills System offers a concise, ultra-pragmatic skills training approach with comprehensive step-by-step curriculum materials great for teaching emotion regulation to learners of all abilities. Both experienced and novice skills trainers will love her tool kit of teaching strategies.
