Dobson,1977-01-01 In a world where people still oppress and enslave one another and rulers are still afraid or unwilling to give freedom and equality to those they rule the Book of Exodus has a message that many need to hear Following the series pattern detailed interpretation and commentary on the Bible narrative are supported by special notes on the historical and literary background and on the importance of exodus to New Testament writers The usual study material includes suggestions for research and discussion and topical illustrations underline the teaching of Exodus      Subject Guide to Books in Print ,1971      New Movements Alan Thomson,1976      **Religious Books and Serials in Print 1978-1979** R.R. Department of Bibliography,1978-11      **Church History: The first advance, AD 29-500** John Foster,1972 John Foster s lively studies in Church History are well known to readers in many countries The First Advance fifth title in the TEF study Guide series is Book 1 of a three part account of the Church s expansion from Jerusalem to the end of the earth The main emphasis is on people rather than policies or polemics with vivid descriptions of Christians in the first five centuries persevering under persecution and carrying their faith east and south into Asia and Africa as well as westward into Europe Planned as a classroom text with study questions and discussion topics maps charts and suggestions for further reading the book also contains substantial verbatim quotations from original sources It will thus be specially useful for theological students working alone or without access to a library while its lucid style and straightforward language will be acceptable to the general reader This second volume follows the same lines as the first tracing the rise and fall of the Church s fortunes through the thousand years of uncertainty from the time when barbarian and Arab invasions toppled the power of Rome to Christendom s loss of Constantinople and the subsequent opening of a new age of discovery and learning Again the main emphasis is on people popes and potentates monks and missionaries and on the ideas and ambitions motivating the medieval Church in its efforts to establish Augustine s Holy city on earth As before copious quotations from original sources as well as detailed maps charts and photographs of contemporary Christian life support the study questions and discussion topics which are a feature of the series as a whole Publisher      *Catalogue of Ohio Wesleyan University for ... , Delaware, Ohio* Ohio Wesleyan University,1919      *Readings in Indian Christian Theology* Rasiah S. binding constraint on further progress is a simple lack of political will As a result one of the most powerful ways to affect change is often the most neglected political activism In this powerful and hopeful book David Beckmann president of Bread for the World and a leading anti hunger activist looks at the causes of hunger presents case studies of countries that have made great strides against it and puts a human face on the problem by sharing stories of people who are quite simply hungry every day The problems can seem overwhelming but Beckmann lays out a clear and workable plan for effectively using political channels to make great progress He not only challenges us to get involved he shows us how It is no less than our call to do so
