Note: You are encouraged to download the Study Guide to document your responses. If you plan to print the Study Guide and fill it in by hand (recommended), expand the tables after you download it to provide more space to enter a complete response.

Learning Objective: The candidate selects instructional strategies that align with learning theories to support student learning in a given instructional context.

Instructional Purpose and Context:

- Write in the question for the learning context that provide meaning for the messages students receive
 - What are students learning?
 - When are they learning?
 - Where are they learning?
 - Why are they learning?
 - How are they learning?
 - With whom are they learning?

	Description	Example in the classroom
Instructional Purpose	objective behind a particular teaching practice or technique	helps teachers to select appropriate instructional practices that align with their objectives and student needs
Instructional Context	physical location and surroundings in which learning takes place	Classroom, museum, field trips
Physical Context	Elements that can influence individuals' motivation, engagement, and ability to learn.	lighting, noise, layout, distractions, comfortability, and accessibility
Social Context	examination of relationships that are continually changing, influencing and being influenced by such factors as behaviors, emotions, attitudes, beliefs and perceptions.	Reading groups, collaborative learning projects
Motivational context	Expectations and demands	Relevant instruction, attention-grabbing lessons

- What is differentiated instruction?

Tailoring lessons to meet each student's individual interests, needs, and strengths.

- How does differentiating the instruction meet student learning needs?

Greater student engagement, social and academic inclusivity, and greater confidence for students and teachers.

Theory	Instructional Approach (types of situations when you would use)	Instructional Strategy (strategies that align with this theory)	Possible Levels of Bloom's Taxonomy
Behaviorist	Teachers use behaviorism to show students how they should react and respond to certain stimuli.	Positive reinforcement is key in the behavioral learning theory.	Apply
