

# Writing a Narrative

A **narrative** is a text that tells a story. The story can be either real or imaginary, but it is always based on a problem, a situation, or an observation.

## LESSON 1 ENGAGING THE READER

The beginning of a narrative needs to establish the context for the story. **Context** includes the time and place of the story, and the basic reason for the events in it.

The context often introduces the main characters. Sometimes one of the characters is the **narrator**, the voice who tells the story. In a first-person narrative, the narrator tells the story from his or her point of view. For example: "I saw my friend Billy board the airplane." In a third-person narrative, the narrator tells the story without being part of it. For example: "Joe saw his friend Billy board the airplane."

### Activity 1A Establishing the Context

*Below are three possible beginnings to the same story. Read them and evaluate which one does the best at explaining the context for what will follow.*

- A. Ivan's accident was really not that significant. He was not hurt. As long as he had his health, he wasn't going to worry about things that could be replaced. Besides, even if he was in a desert, at least he was in California.
- B. On Halloween of 1961, Ivan crashed his plane. The plane was a complete wreck. It would never fly again. He did not worry about that. He could get another plane. He was just happy he could walk away.
- C. When Ivan crashed his plane in the California desert on Halloween of 1961, he walked away—completely uninjured and totally amazed. He was not suspicious about his incredible luck. He should have been.
