

If you run out of space

4

If you run out of space in your answer booklet, ask the invigilator for a new booklet and complete your present booklet and name on the front page. If you are continuing with an answer that you started in your first booklet, write the question number again in the new booklet before continuing with your answer.

If you need to go back and write more for any of your answers at any stage, go to the end of the last answer that you wrote in your answer booklet, to the next available space, fill in the question number again and then continue your answer.

Things important to know

- ✓ Write your candidate answer number.
- ✓ Read the 10-point contact of the examination centre in London. If you have any questions about what it is, contact Examinations@cambridge.org.

Answer Booklet Guide

1

Introduction

This guide has been produced to help you as a candidate who is unfamiliar with Cambridge Examinations in the Optional Programme and IGCSE examinations.

What does the answer booklet look like?

Each booklet consists of two pages. On the top of the first page there will be lines in which to indicate your pencil number and name, along with brief instructions on how to correctly write question numbers. The remainder of this page and of other pages are for you to write your answers to examination questions. Please remember to write your answers on the lines, keeping within the large gaps between each page. Mark the lines for your answers on small boxes at which you must write the number of each question you answer.
