Favorite Things Bound:

Favorite Things Rene Folsom, Juli Valenti, 2014-10-20 bound adjective restricted or confined to a specified person or place It was amazing to me how one word could hold so many meanings Not only did our lives have physical boundaries both man made and natural but our hearts also held captive those we loved binding our souls together for all eternity So when my playful husband pulls out the blindfold and cuffs I don't dare question the boundaries we might cross in bed enjoying Josh and all his marvelously dominant qualities My name is Cari and these stories are just some of the Favorite Things my husband and I love about each other **Warning Bound** is part of the Favorite Things series a set of erotic short stories that stand alone for your reading enjoyment and include light BDSM sexual content meant for adult readers 18 **Voices of the Soul (Soul Seers #1)** Rene Folsom, 2014-11-17 Throughout her entire life Ella has heard voices Voices inside her head She's never given much thought as to why she has this gift or this curse depending on which way you look at it It's not until she meets the mysterious Jonah that she begins to question her inherited abilities as a Soul Seer Learning to deal with loss and love Ella manages to live a seemingly normal life or so she thought Tempt (PG Version): A Twisted Wolf Tale Rene Folsom, Deep in the Shrouded Wood on her way to her granny's cottage Rosetta is ambushed by an unseen force Soon after she finds herself plagued by strange dreams visions of a large wolf and a woman beckoning her Not knowing what to do with these dreams and the odd changes happening to her body in the waking world Rosetta sets out to confront whatever lies in the Shrouded Wood determined to discover the temptations within But what she finds is beyond anything she ever could've imagined or hoped for Get ready to dive into Rosetta's world and enjoy a new twist on the classic tale of Little Red Riding Hood Note This supernatural romance novella is a modified version of its original adult oriented publication and is suited for young adult readers Find out more about the Twisted Wolf Tales Series on Rene's website at <http://renefolsom.com/twt>

Truths of the Soul (Soul Seers #3) Rene Folsom, Some people view mind reading as the evolutionary providence of humankind Of course some people are usually not telepathic yet they still seem to think they understand everything about the paranormal phenomenon that is a part of Ella and Jonah Lavendine becomes a place where Jonah's dreams suddenly become all too real and together they seek to find the Truths behind their enigmatic connection **Thy Kingdom Come: A Reverse Harem Vampire Paranormal Romance** Rene Folsom, 2020-02-23 It's official I am the world's worst stripper From the orphanage to the stage I've always been the black sheep People avoid me like the plague Until I meet Semion the only purebred vampire in the Relic area of New York State He is also the only man who has ever intrigued me and brings me back from the overwhelming darkness that is my life So when I am introduced to others of his kind I'm taken by surprise just how many of them speak to my soul But regardless of how much I finally fit in I am still damaged I still require the blood it takes to lead It's not until I am presented to the purest of vampires that my path to destiny is set in stone Abandoned at birth and rescued as a stripper I find myself forced into a position of worth a reign I will make true on or die trying Eyes of the Soul

(Soul Seers #2) Rene Folsom,2013-04-07 Jonah has never experienced a woman more stunning than the beauty that haunted his dreams Although his dreams had every feeling of reality he woke up every morning with the stark realization that those Amethyst eyes were only a figment of his imagination Yet he still couldn't seem to get her stare out of his mind Making his way through life Jonah's love of art became his outlet His talents proved to be the only way to recreate his dreams Her beauty was his constant Even though he didn't know her name he was determined that one day he would find her

Mastering JavaScript Single Page Application Development Philip Klauzinski,John Moore,2016-10-28 An in depth guide to exploring the design architecture and techniques behind building sophisticated scalable and maintainable single page applications in JavaScript About This Book Build large scale feature complete SPAs by leveraging widely used tools and techniques Gain a solid understanding of architecture and SPA design to build applications using the library or framework of your choice Explore the various facets of SPA development to build web apps that are fast scalable and easy to test Who This Book Is For This book is ideal for JavaScript developers who want to build complex single page applications in JavaScript Some basic understanding of SPA concepts will be helpful but not essential What You Will Learn Organize your development environment using the command line with NPM Bower and Grunt Choose an accurate design pattern for your app Understand modular JavaScript programming and Node.js Interact with a REST API using JavaScript and AJAX with practical examples Build a single page application using the MEAN stack Connect your app across popular social media platforms such as Facebook Twitter and LinkedIn Test your app both on the server side and in views Prepare your app for the real world and deploy it to Heroku In Detail Single page web applications or SPAs as they are commonly referred to are quickly becoming the de facto standard for web app development The fact that a major part of the app runs inside a single web page makes it very interesting and appealing Also the accelerated growth of browser capabilities is pushing us closer to the day when all apps will run entirely in the browser This book will take your JavaScript development skills to the next level by teaching you to create a single page application within a full stack JavaScript environment Using only JavaScript you can go from being a front end developer to a full stack application developer with relative ease You will learn to cross the boundary from front end development to server side development through the use of JavaScript on both ends Use your existing knowledge of JavaScript by learning to manage a JSON document data store with MongoDB writing a JavaScript powered REST API with Node.js and Express and designing a front end powered by AngularJS This book will teach you to leverage the MEAN stack to do everything from document database design routing REST web API requests data binding within views and adding authentication and security to building a full fledged complex single page web application In addition to building a full stack JavaScript app you will learn to test it with JavaScript powered testing tools such as Mocha Karma and Jasmine Finally you will learn about deployment and scaling so that you can launch your own apps into the real world Style and approach Following a structured approach this book helps readers gain expertise in SPA development Its thorough coverage of SPA

architecture and design along with practical use cases provides readers with a clear path to building applications with the library of their choice For readers who are afraid to take the plunge straightaway the book also offers step by step guidance on developing a complex web app
