horses Nearly a century later many things in the FDNY had changed but not the scarcity of blacks New York had about 300
black firefighters roughly 3 percent of the 11 000 New York firefighters in a city of two million African Americans That made
the FDNY a true aberration compared to all the other uniformed departments like the NYPD Decades earlier women and
blacks had sued over its hiring practices and won But the FDNY never took permanent steps to eradicate the inequities
which led to a courtroom show down between New York City s billionaire Mayor Mike Bloomberg and a determined group of
black activist firefighters It was not until 2014 that the city settled the 98 million lawsuit At the center of this book are stories
of courage about firefighters risking their lives in the line of duty but also risking their livelihood by battling an unjust system
Among them FDNY Captain Paul Washington a second generation black firefighter who spent his multi decade career
fighting to get minorities on the job He faced an insular culture made up of relatives who never saw their own inclusion as
