subject and topics So Mr Pradeep Dwivedi has introduced a complete lab activity book which is strictly based on class 11

physics CBSE pattern and follows the latest NCERT and State Board curriculum All the experiments in this Science Lab

Manual have been given in a simple lucid and interactive manner The theory given with each experiment gives complete

knowledge of each term concept and definition in order to provide a compact knowledge to the students at one place Viva

voce questions are given with each experiment to test students understanding of related experiments All the lab based

experiments have well labeled diagrams which clearly demonstrate the details of the apparatus that are used the correct way

of handling Laboratory apparatus and perform the experiments methodically The basic purpose of this Lab Manual is to

provide the students with appropriate guidance so that they can easily understand carry out and document the experiments

in the Science Laboratory Some demonstration experiments are also included to illustrate principles and laws of physics

Illustrative diagrams have been used at the places where it is required The Lab Manual comes with practical lessons followed

by Lab experiments after each chapter projects and attached Notebook for jotting down all the essential information The aim

of this Science Lab Manual is to help class 11 students to prepare and understand the complex physics concepts through

experimental approach by utilizing pedagogically enhanced content of the Lab Manual and with a compact knowledge base

for improving their analytical experimental skills and learning abilities **College Physics Laboratory Manual for**
