Introduction

The TEAS® study manual, now redesigned for the Test of Essential Academic Skills (TEAS), this book provides you with an overview of the content and skills included on the TEAS along with suggestions for effectively preparing for the test. Here, this guide will outline the parts of the test. The TEAS covers a broad range of essential skills in reading, math, science, and English and includes a range that you have developed over the course of your academic career. Here, this guide will help you create a study plan to succeed on each subject area. Finally, this study guide provides features covering each discipline of the TEAS test plan. Content includes concepts, diagrams, and practice questions to help you better lay them. Each domain ends with practice questions similar to those you will encounter on the TEAS. A detailed explanation of the correct answer for each question is also included to ensure you understand how concepts that will appear on the TEAS.

TEAS SUBJECT AREAS

The TEAS test was designed for health science students to measure the academic preparedness of prospective students. Questions on the TEAS assess student knowledge of key disciplines that address areas presented in greater detail in the discipline-specific study and concepts that health science students receive as they prepare for success in health science programs. The disciplines cover the academic subject areas of:

- Reading
- Math
- Science
- English and Language Usage

The TEAS covers the material presented in each of the key disciplines of the TEAS. Keep in mind that the resources provided in the manual are not comprehensive. They do not include all of the possible concepts appropriate to the discipline. The diagrams, the diagrams, provide a clear overview of the content and skills you will encounter on the TEAS.

TEAS QUESTIONS

The TEAS is composed of five tests that include 50 answered practice items, the majority of which are four options, multiple-choice questions. With the introduction of the TEAS 7.0 test plan in 2024, additional test types will start to be incorporated into the test. These include:

- Multiple select (select all that apply)
- Single answer (20 in the TEAS, 100% required)
- Ordering (one option in the correct sequence)
- Drag and drop (no use of an image)

The test is available in both paper and online multiple-choice questions only, and includes an answer key. Questions from the four subject areas are grouped in separate sections, and each test is separate, individual test form. The following table provides the number of questions and time limits for each section of the TEAS, listed in order of administration.

Subject Area	Number of Questions	Test Time
Reading	40 questions (8 percent)	20 min
Mathematics	30 questions (6 percent)	20 min
Science	30 questions (6 percent)	20 min
English and Language Usage	20 questions (4 percent)	20 min

Total 120 questions (24 percent) 20 min

Questions in each subject area are represented by the test system being assessed. There are a set number of questions for each key topic. The following table shows the number of correct questions for each key topic.

Subject Area/Question Format	Number of Questions
Reading	40
Mathematics and Science	30
English and Language Usage	20
Integration of knowledge and skills	20
Math	20
Mathematics and Algebra	15
Measurement and Data	15
Science	15
Human anatomy and physiology	15
Reading	4
Science	4
Scientific reasoning	4
English and language usage	20
Construction of standard English	12
Knowledge of language	8
Using language and vocabulary to describe what is being	10

TAKING THE TEAS

The TEAS is administered in a standardized performance setting by a proctor. The proctor will ensure that all testing protocols are strictly followed.

For the most updated information about registering for and taking the TEAS, visit www.ATI.com for current information based on the needs of administrators that you will be using.

WHAT TO BRING

- Photo ID: To be admitted to your testing session, you will need to present proper photo identification such as a driver's license, passport, or green card. You will not be admitted to the site to take the test if your ID does not meet the following requirements: government-issued, current photograph, lowercase signature, and permanent address in credit card photo or a picture ID does not meet the criteria.
- Writing instrument: Be sure to bring two sharpened #2 pencils with eraser and a black or blue ballpoint pen.
- IDB key: IDB keys are required to be used to access the test. IDB keys are provided to students at the time of registration.

WHAT NOT TO BRING

This document is a list of items that are prohibited in the testing room.

- No cell phones, smart phones, or any other electronic devices are allowed in the testing room.
- No personal items including bags, backpacks, purses, or briefcases are allowed in the testing room.
- No electronic devices including smartwatches, watches, or any other electronic devices are allowed in the testing room.
- No food or beverages are allowed in the testing room.

Official ATI TEAS Study Guide

Political Discourses in African Thought Pieter Boele vanHensbroek,1999-05-30 The dominant issues in African political thought from the 1960s onward have been development and socialism In the present decade new issues have arisen such as democracy civil society the nation state and the relevance of traditional political institutions Typically however these new issues have been discussed in models of thought which already served in the 1960s or even before Boele van Hensbroek aims to provide the necessary insight into the history of African political thought as well as an analytical framework to clarify contemporary African discourses on democracy He proceeds in three steps First the most important discussions in the last 150 years are presented A fascinating history emerges from the great 19th century theorists such as Edward Blyden and Africanus Horton to prominent nationalists such as Kwame Nkrumah and Amilcar Cabral and to contemporary African intellectuals Second the African history of ideas shows that particular models of thought recur which can be reconstructed as three consistent models of thought Finally the relevance of the history of ideas and philosophical analysis of models of thought can be shown by providing a new perspective on contemporary debates on democracy in Africa **The Wireless**
