

Factoring Packet and Answer Key

5th grade math

This packet is homework to go with the first time that the students are being exposed to the idea of factoring. Before this I taught on what a quadratic equation was and immediately before this lesson we did a unit on the FOIL multiplication method. (The packet for that unit is also on my TPT site, feel free to check it out!) There is quite a bit of space left after each problem because I require my students to check each problem by using the FOIL multiplication method when they think they have the answer.

How I ran this unit was as follows:

Day 1: Teach about basic factoring and expanding simple expressions

HW - Factoring packet, pg 3

Day 2: Teach about factoring and expanding with x or y squared

HW - Factoring packet, pg 4

Day 3: Teach about factoring quadratics

HW - Factoring packet, pg 5
