With the Hand Mels van Driel,2013-02-15 People call it everything from walking your dog to scratching your bean Women usually do it at home Men it sometimes seems do it everywhere Some people think it s healthy others think it is a sin that will send you straight to hell But while many people declare that everyone s doing it no one actually talks about it outside the pages of *Cosmo* masturbation is among the most taboo of topics not suitable for polite society or public conversation Mels van Driel boldly breaks this silence in order to help the world overcome its diffidence toward solo sex in *With the Hand* Consulting everyone from doctors and sexologists to feminists and chauvinists van Driel explains what masturbation actually is and describes the latest discoveries and developments on the subject He also looks to theologians historians and philosophers to understand perceptions of masturbation across cultures and religions throughout history Covering a great number of topics including age location and frequency as well as the effects of circumcision and the ability to have multiple orgasms *With the Hand* also explores masturbation in art literature poetry and music Addressing the physical mythical and mythological this often humorous and always informative book clears up the confusion surrounding this universal and universally unmentionable topic

Your Daughter's Bedroom Joyce T. T. McFadden,2011-04-26 Your Daughter s Healthy Identity Starts With You After psychoanalyst Joyce McFadden treated countless women who felt alone and isolated in experiences that they were unaware many other women were dealing with too she began to ask what she could do to help them reach out to each other The result was the launch of her *Women s Realities Study* in which she interviewed hundreds of women from ages 18 105 about the most private issues as she sought to understand what events in a

woman's life impact her future happiness and self confidence What McFadden found was truly revealing the theme that most interested them as they explored their identities was how their relationship with their mothers influenced their understanding of themselves as sexual beings throughout their lives from the time they were little girls straight through adulthood Drawing on over a thousand responses *Your Daughter's Bedroom* offers a new and unprecedented look at the mother daughter bond McFadden argues that the type of womanhood mothers model for their daughters determines the young girls comfort with their own bodies which in turn leads to confidence and satisfaction later in life From the most mundane and everyday gestures a reluctance to call body parts by their real name an offhanded suggestion to lose weight to how mothers introduce life altering events such as the start of puberty and sexual exploration all of these have an impact on a girl's psyche She found that in an attempt to protect and shield daughters mothers withhold important information and leave girls to wrestle with their own burgeoning sexuality and other challenges of growing up Offering a fresh perspective on the fraught mother daughter relationship McFadden shows how mothers can create the right environment for their daughters to grow into self assured women *Your Daughter's Bedroom* is an essential resource for women who want to establish a more open and positive relationship with their daughters
