Guide To Learning Independently:

A Guide to Learning Independently Lorraine Marshall, Frances Rowland, 2013-09-16 A Guide to Learning Independently describes techniques to help students succeed in formal education It helps with learning tasks such as writing assignments reading textbooks making notes and concentrating when studying as well as offering a range of suggestions as to how students can meet the requirements of their teachers and courses It is also designed to help students discover their own learning goals and how they learn best The text rests on the premise that it is possible for a person to change the way they approach their learning It is directed to the individual student because it is the individual who must write the essays and reports pass the exams and organise themselves in order to be successful in the tertiary education system As well as offering realistic and well tested study strategies this Guide focuses on your reasons for study as you balance the demands of study with the rest of your life It will help you clarify your particular strengths as a learner and develop a repertoire of independent lifelong learning skills The comprehensive range of study techniques A Guide to Learning Independently Lorraine A. Marshall, 1998 A Guide to Learning Independently will empower you to develop the necessary skills to survive as an informed independent and versatile student in the 21st century A Guide to Learning Independently Lorraine A. Marshall, 1993

The Practical Guide to Independent Learning Skills Tom Haward, 2007 Lifelong learning is a buzzword in education these days but is also a very worthy and useful concept In conjunction with the University of Brighton educational psychologists and teaching industry professionals the author has developed strategies to engage and help students of all abilities This handy guide is packed full of tips for pupils at KS3 and 4 and is particularly useful for completing GCSE assignments and coursework but just as importantly shows that these skills are lifelong skills Includes sections on How Am I Organized How Can I Best Learn How Can I Present My Work Better How Can I Get Help **Blended Learning: Aligning Theory with Practices** Simon K.S. Cheung, Lam-for Kwok, Junjie Shang, Aihua Wang, Reggie Kwan, 2016-06-27 This book constitutes the refereed proceedings of the 9th International Conference on Blended Learning ICBL 2016 held in Beijing China in July 2016 The conference is formerly known as International Conference on Hybrid Learning ICHL The 34 papers presented were carefully reviewed and selected from 61 submissions The selected papers cover various aspects on collaborative and interactive learning content development open and flexible learning assessment and evaluation pedagogical and psychological issues experience in blended learning and strategies and solutions *Rethinking Secondary Education* Scherto Gill, Garrett Thomson, 2014-01-14 This is a timely accessible and engaging book of considerable intellectual stature bold imagination and practical wisdom Not only does it develop penetrating elegant analyses of what is wrong with current state controlled and alternative approaches to contemporary education it also offers imaginative practical suggestions for a more fulfilling human centred alternative Professor Michael Fielding Institute of Education University of London UK With great sensitivity and force and in wonderfully clear prose Scherto Gill and Garrett Thomson explore some fundamental

questions about what we want from our education system and what we can expect from it It is highly recommended for all who are interested in education whether from a more theoretical point of view or from a more practical point of view Professor Adrian W Moore Faculty of Philosophy University of Oxford UK Could we have a system of secondary education that provides alternatives to the current mainstream schooling and its emphasis on exams learning outcomes and the delivery of a fixed curriculum How could such a system focus on both human and educational values How could secondary education combine the personal development of students with good academic standards In response to these questions Gill and Thomson have written a new cutting edge text aimed at all those involved in the study of education or teacher training Rethinking Secondary Education explores debates and critiques new and alternative approaches to teaching young people today The book discusses a human centred approach to curriculum pedagogy assessment and the culture of schools and colleges It is grounded in theory and empirical research discussing the need for a curriculum for the future bridging a gap between mainstream and alternative education It also offers practical guidance on how these ideas can be put into practice making it an ideal resource for trainee teachers experienced practitioners and students of education alike Key features of the text A balanced approach comparing and contrasting both traditional and alternative approaches to education Strong grounding in theory and research The inclusion of young people s perspectives and voices on their education and on being an adolescent Links to practice showing how the theory and research can actually be put into practice to bring about change
