and frothing where there were now but shadows of clouds it would have set stirring in one as few places even in Ireland can a thought that is peculiar to Celtic romance as I think a thought of a mystery coming not as with Gothic nations out of the pressure of darkness but out of great spaces and windy light About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
