

Activity B:**Who's fastest?****Get the Gizmo ready:**

- Select the SAFARI ADVENTURE tab.
- Remove all arrows from the screen.
- A calculator is recommended for this activity.

**Question: Which animal is the fastest?**

1. **Form hypothesis:** Watch the SAFARI ADVENTURE tab for a while. Based on your observations, which animals run the fastest?

The cheetah will be the quickest animal if we compare how quickly every other living thing moves.

2. **Measure:** For each animal, measure distance traveled and time using any method you wish. Divide distance by time to calculate speed. Measure running animals only.

Animal/object		Distance (m)	Time (s)	Speed (m/s)
Cheetah		5	.2	25 m/s
Eagle		10	.6	16.67 m/s
Elephant		10	1.8	5.56 m/s
Gazelle		10	.8	12.5 m/s
Giraffe		15	1.2	12.5 m/s
Jeep		10	.5	20/s
Lion		15	1	15m/s
Person		10	8	12.5 m/s
Rhino		20	2.7	7.41 m/s
Warthog		5	.7	7.14 m/s
Zebra		10	.6	16.67 m/s

3. **Analyze:** What is the fastest animal/object?

The swiftest animal is a cheetah.

Slowest?

The slowest animal is an elephant.

4. **Convert:** There are 1,000 meters in a kilometer, and 3,600 seconds in an hour. You can convert units of meters per second (m/s) into kilometers per hour (km/h) by multiplying by 3,600 and dividing by 1,000. (Hint: That is the same thing as multiplying by 3.6.)

Jacques G. LeBlanc,2023-10-30 Searching for truth is not a search for God It is a journey into the self and what shapes
humanity on earth Truth seeking involves deep introspection and reflection an open mind and the courage to look into life in
our society and our earth Experiences are examined with the intention of drawing on the knowledge and experience of others
to illuminate the self Considering current world events what understanding of Truth is emerging illusions or realities Along
my journey I acquired experience through my work my career and my life Some of it came spontaneously while other aspects
came from looking back trying to understand what happened how it happened That has informed and shaped my perspective
on many topics I worked hard on the quest for certainty the wisdom of uncertainty the practice of humility the art of living
with paradox and the learning of compassion As I wrote this book I relied on my inquisitive mind and creativity to take me on
a path of facts and truth finding in my life They became the topics of which I have written about Some texts are a cumulation
of personal information while others are research based providing examples of change in our society and how one can
navigate the momentum of change As I engaged myself in interests that pique my curiosity the focus was on examining my
thoughts and broadening my perspective and awareness of human well being I found that writing on these various themes
was humbling and generated a sense of optimism in myself of quest for wisdom in the extraordinary time we are in I hope the
reading material is inspirational at many levels including personal collective and global I believe more and more in the well
