Genuine Lies English Edition:

A Select Library of the Nicene and Post-Nicene Fathers of the Christian Church [1st Series] ,1888 *A Select Library of the Nicene and Post-Nicene Fathers of the Christian Church, First Series, Volume 6* Philip Schaff,2022-04-20 Philip Schaff's classic work colloquially known as *The Early Church Fathers* is an invaluable resource filled with the primary documents and early theological building blocks for the Christian church. Comprised of thirty-eight volumes, it is broken into three parts: the Ante-Nicene Fathers and Nicene and Post-Nicene Fathers First and Second Series. **Nicene and Post-Nicene Fathers First Series, St. Augustine** Philip Schaff,2007-05-01 The Council of Nicaea in 325 AD marked the beginning of a new era in Christianity. For the first time, doctrines were organized into a single creed. The Nicene and Post-Nicene Fathers did most of their writing during and after this important event in Church history. Unlike the previous era of Christian writing, the Nicene and Post-Nicene era is dominated by a few very important and prolific writers. In Volume VI of the 14-volume collected writings of the Nicenes and Post-Nicenes first published between 1886 and 1889, readers will find Saint Augustine's exegesis on the Gospels and the Sermon on the Mount, which strove to interpret and draw meaning out of the text without incorporating the author's personal agenda or bias. Also included in this volume are a selection of Augustine's sermons. Lukas,John Marmysz,2010-06-22 This collection was inspired by the observation that film remakes offer us the opportunity to revisit important issues, stories, themes, and topics in a manner that is especially relevant and meaningful to contemporary audiences. Like mythic stories that are told again and again in differing ways, film remakes present us with updated perspectives on timeless ideas. While some remakes succeed and others fail aesthetically, they always say something about the culture in which and for which they are produced. Contributors explore the ways in which the fears of death, loss of self, and bodily violence have been expressed and then reinterpreted in such films and remakes as *Invasion of the Body Snatchers*, *Night of the Living Dead*, and *Dawn of the Dead*. Films such as *Rollerball*, *The Ring*, *The Grudge*, *The Great Yokai Wars*, and *Insomnia* are discussed as well because of their ability to give voice to collective anxieties concerning cultural change, nihilism, and globalization. While opening on a note that emphasizes the compulsion of filmmakers to revisit issues concerning fear and

anxiety this collection ends by using films like Solaris King Kong Star Trek Doom and Van Helsing to suggest that repeated confrontation with these issues allows the opportunity for creative and positive transformation
