The Credibility Challenge Inken von Borzyskowski,2019-06-15 The key to the impact of international election support is credibility credible elections are less likely to turn violent So argues Inken von Borzyskowski in *The Credibility Challenge* in which she provides an explanation of why and when election support can increase or reduce

violence Von Borzyskowski answers four major questions Under what circumstances can election support influence election violence How can election support shape the incentives of domestic actors to engage in or abstain from violence Does support help reduce violence or increase it And which type of support observation or technical assistance is better in each instance The Credibility Challenge pulls broad quantitative evidence and qualitative observations from Guyana Liberia Kenya Sierra Leone and Bangladesh to respond to these questions Von Borzyskowski finds that international democracy aid matters for election credibility and violence outside observers can exacerbate postelection violence if they cast doubt on election credibility and technical assistance helps build electoral institutions improves election credibility and reduces violence Her results advance research and policy on peacebuilding and democracy promotion in new and surprising ways **Begriffe des Ausstellens** Petra Reichensperger, 2013 This publication explores themes of the exhibition through its terms not however to confine into isolated conceptual categories but to interconnect These terms characterize exhibiting and emphasize a between ness Examining a term lays bare its ruptures shifts or recreations as well as social societal and cultural changes that have the power to structure through historical conjecture Almost fifty terms relevant to the making and discussion of exhibitions today have been compiled in Terms of Exhibiting from A to Z contributed by Liam Gillick Manfred Hermes Wojciech Kosma Clemens von Wedemeyer Tobias Vogt Jochen Volz and June Yap among others Six essays investigate key terms raised by the three part exhibition series Terms of Exhibiting Producing and Performing at Kunsthau Dresden in 2012 Jan Verwoert reflects on the division of labor in artistic production while Anke te Heesen presents a survey of the museum collection and exhibition Markus Miessen discusses the advantages of curating institutions and inventing structures rather than merely implementing or appropriating them The book also includes essays by Kirsten Maar Ursula Panhans B hler and Lee Weng Choy Each of the twelve conversations with various artists places one term under scrutiny within the context of their own artistic interests and practices with reference to the term presence Daniel Knorr explains the significance of materialization for his own creative process while Brian O Doherty discusses invention in relation to his practice Each term generates further insight and reflection into each individual art practice Contributors Anke te Heesen Kirsten Maar Markus Miessen Ursula Panhans B hler Jan Verwoert Choy Lee Weng interviews by D ra Maurer Cassandra Edlefsen Lasch Channa Horwitz Petra Reichensperger Yael Davids Adam Szymczyk Brian O Doherty Dominikus M ller Carl Michael von Hausswolff Thibaut de Ruyter Karl Holmqvist Dominikus M ller Daniel Knorr Katharina Groth Jaroslaw Kozlowski Petra Stegmann Hans Schabus Kathrin Rhomberg Steven Claydon Lea Schleiffenbaum Karin Sander Anne Schreiber Martin Germann Petra Reichensperger Renate Wagner Including glossaries written by Friedrich von Borries Hans Christian Dany Stefanie Diekmann Anna Catharina Gebbers Liam Gillick Manfred Hermes Ulrike Jordan Vera Knolle Wojciech Kosma Verena Kuni Pablo Larios Oona Lochner Fiona McGovern Andrea Meyer Ana Ofak Christian Rattemeyer Petra Reichensperger Dietmar R bel Thibaut de Ruyter J rn Schafaff Lea Schleiffenbaum Anne Schreiber Nora Sdun Vera
