

> open pocket

Opening your gown reveals a thing your aunt gave you which you don't know what it is, a buffered analgesic, and pocket fluff.

> take analgesic

You swallow the tablet. After a few seconds the room begins to calm down and behave in an orderly manner. Your terrible headache goes.

> examine thing

Apart from a label on the bottom saying "Made in Iowa" it furnishes you with no clue as to its purpose, if indeed it has one. You are surprised to see it because you thought you'd thrown it away. Like most gifts from your aunt, you've been trying to get rid of it for years.

> open thing

It is already open.
