methodological approaches to capture the different dimensions of the influence of the National Security Law on Hong Kong politics. The trends discussed in the book are of global relevance to the discussion of the current trends of increasing autocratization and this provides insights into the institutional transformations and the adaptive response from Hong Kongers. Also, the extra-territorial application of China's National Security Law has inevitable global implications which makes it important to investigate how the Hong Kong overseas diasporas are responding to these challenges. The book is an indispensable resource for scholars and experts on Hong Kong Politics, China's policy toward Hong Kong, international policymakers, journalists, students, and those who are interested in the growing global trend of autocratization. □□□□□□□□□□
