things to achieve and I will continue to be centered being more responsible in order to achieve my goals and make my dreams come true As Willie G spoke and read the words following a discussion his students began to understand what they had done wrong or why they were taking those actions There was a feeling of relief and gratitude for this instructor that appeared to be more like a grandfather figure than a teacher He had kept his word to not inform others unless the student was intending to injure himself herself or another and now the student would keep theirs He used verses to make a statement about the situation and now he wants to share these thoughts with others

What to Do with the Least of Our Brothers? Fr. C. Ryan McCarthy, It seems at times unthinkable that a book like this would have to be written although I am relatively sure that Aldous Huxley foresaw its necessity when he wrote *Brave New World* But the time has arrived where babies are manufactured in sterile facilities and tested for their fitness for life in the world While we have not yet advanced sufficiently in biological sciences to entirely forego natural gestation in favor of prenatal programming process which Huxley describes we have reached the point where those unwanted embryos are set aside freeze dried and abandoned or destroyed when they do not meet the standard set for a child This book affirms the intrinsic goodness of the life of each embryo and explores from the Catholic perspective the possibility of frozen embryo rescue by adoption It looks at those arguments which see the elements of in vitro fertilization as so contrary to the faith and the natural law as to be irrecoverably intrinsically evil and rejects those in favor of a small and narrow path of adoption to fully re incorporate a child through the love of a mother and a father into the society which abandoned it

Ballads of Loss and Woe Scott Morgan, 2023-12-08 Every ascent is met with a descent After reaching the pinnacle basking in achievements and joy an unforeseen force can bring it all crashing down Life s unpredictable blows can dismantle our realities leaving behind a trail of questions and broken dreams As the facade of life dissipates pillars once deemed steadfast vanish and we re left grappling with the remnants The author revisits the starting point navigating a world shaped by revelations torn between passion and profound pain In his signature surreal narrative style he paints a vivid picture of his transformed reality a tumultuous terrain of emotion This collection delves deep into themes of grief betrayal and existential sorrow When life thrusts you into an unfamiliar realm do you question if it s all just a grand illusion From melancholic poems and heart wrenching tales to soulful songs this is a journey through the darkest corridors of a wounded heart These are the words from the depths of despair a testament to the fragile human spirit
