### **ABSTRACT**

**What is foreign policy and why do states need a foreign policy?** This is the fundamental question that the study seeks to answer. Thus the main body of this study consists of two major parts. First part seeks to build a critical understanding of what foreign policy is all about, while the second part seeks to build a credible explanation on why foreign policy is an integral part of a country's governance and social policy.

*Compendium of Research Topics* Air University (U.S.),1984      Civil-Military Change in China Elites, Institutes, and Ideas after the 16th Party Congress Larry Wortzel, In November 2002 the Chinese Communist Party held its 16th Congress and formally initiated a sweeping turnover of senior leaders in both the Party and the People's Liberation Army PLA The meeting heralded not merely a new set of personalities in positions of political and military power but also the emergence of a new generation of leaders Who are these individuals and what does their rise mean for the future of China and its military The group of China specialists who have written this book have applied their research talents intelligence and hands on experience to clarify and explain the most important issues of the day in China China obviously matters to the United States because of its size its spectacular patterns of growth its profound problems linked to rapid growth and its military intentions These specialists have avoided the diseases of bias demagoguery predispositions and showmanship which infect so many of the analyses of China Rather they have examined the facts and the trends to explain the divisions and cohesions in the Chinese leadership and their potential significance to the United States and the rest of the world These annual conferences have a long continuity stretching back to the early 1990s Hence there is a common database for the books produced each year The writers revisit major problems in China's development particularly in the military sphere They also examine how Chinese policies have evolved over the years and how important the United States has been in influencing China's strategy What for instance will the emerging leadership with its factious differences do about Taiwan and North Korea The conference took place at the Carlisle Barracks in September 19-21 2003 and was sponsored by the American Enterprise Institute the Heritage Foundation and the Army War College The exchanges were frank the atmosphere was filled with camaraderie and tension      FAR Horizons National Security Council (U.S.). Subcommittee on Foreign Affairs Research,1972      FAR Horizons ,1975      *Deconstructing "Ideal Power Europe"* Münevver Cebeci,2018-12-31 *Deconstructing Ideal Power Europe* The EU and Arab Change criticizes the dominant discourse on European foreign policy which represents the EU as a force for good in world politics Using a poststructuralist approach it deconstructs the EU's representation as an ideal power through an analysis of European foreign policy on the Southern Mediterranean before and after the Arab uprisings In this endeavor it displaces three major discourses which construct the EU as ideal the postmodern and post sovereign EU the EU as a model a virtuous example and the EU as a normative power discourses The major argument of the book is that the ideal power Europe meta narrative is especially produced and reproduced in the EU's approach towards the Southern Mediterranean and it manifests itself through the rhetoric of responsibility and universality in the aftermath of the Arab uprisings The book also provides an analysis of how the ideal power Europe meta narrative feeds into and legitimizes European governmentality in the world in general and in the case of the Southern Mediterranean after the Arab uprisings in particular Arguing that the depiction of the EU as postmodern post sovereign as a model an exemplar and as a normative

power pertains to the representation of a regulatory ideal it elucidates how the EU pursues hegemonic practices in the Southern Mediterranean It further manifests how the EU s governmentality is marked by a securitized depoliticizing and technocratic approach which feeds into and gets legitimized by the dominant discourse on European foreign policy reproducing the EU s ideal identity vis vis its imperfect Arab other *The Statesman's Yearbook 2012* B.
