Tracking Code Location

- Include tracking code in page head (via `wp_head`)
- Include tracking code in page footer (via `wp_footer`)

Tip: Google recommends including the tracking code in the page head, but including it in the footer can benefit page performance. If in doubt, go with the head option.

Custom Tracker Objects

Any code entered here will be added to `gtag('config')` for Universal Analytics, or added to `gtag('config')` for Global Site Tag. This is useful for things like tracker objects and options.

Custom GA Code

Any code entered here will be added to the GA code wrapper. This is useful for things like creating multiple trackers and user opt-out. Note: you can use `$$$USERID$$$` to refer to the current user ID.

Custom Code

Here you may specify any markup to be displayed in the `wp_head` section or in the footer, depending on the "Tracking Code Location" setting above.

Custom Code Location

Display Custom Code before the GA tracking code (leave unchecked to display after the tracking code)

Admin Area

Enable tracking in WP Admin Area (before tracking code only, to view stats log into your Google account)

Digital analytics
Digital analytics is the process of collecting data from users as they interact with the website and providing you with a picture representation of that data
Research has told us that people buy products and services in stages
Analytics can show the acquisition of new users or pages viewed by the user while on the website and conversion
The user has become a customer either through purchase signing up for a newsletter or interacting with a blog
Digital analytics then allows you to take this information and make better informed decisions
Such as analyzing the data from your marketing campaigns to see which ones turn into sales so you can expand these efforts
Digital analytics also shows you if customers are having trouble with any step on your website
It can show you if users engaged your website on a mobile device or a desktop computer and how quickly your website responds to a customer s request
Using digital analytics to grow your Business
It doesn t matter the business digital analytics can help grow your business if you have a digital footprint
I will briefly walk through the major components of the Digital Analytics home page in Google Analytics
Provide you with an overview of how it can help you grow your website or business
later in this book
As we get deeper into each area I will give you more detail about it and how every area can provide information to grow your business online
