A note from the publisher

In order to provide our students with high quality resources for their science and science qualifications, we have brought a team of science teachers working together to develop a revision guide for the specification of Edexcel GCSE Combined Science Higher tier. This book is designed to support the specification and to provide a revision resource for students preparing for their examinations.

Our authors have worked closely with the specification to ensure that the content is up to date and that the book is relevant to the needs of students preparing for their examinations. We have also included a number of additional resources to support the learning and revision of students.

We are confident that this book will provide a valuable resource for students preparing for their examinations and for their teachers.
