

Illinois State Constitution Study Guide

Our State Constitution: Some Background Information

In 1787, the United States Constitution set up a federal system of government giving some powers to the *national* government and other powers to the *state* and *local* governments. The U.S. Constitution told each state it must set up its own government and write its own constitution. States must have governments similar to the federal government, and the people of the state would elect their representatives. Illinois became a state in 1818 and had to have its own constitution before it could become a state. The U.S. Constitution gives certain responsibilities to the states. To carry these out, states have set up state constitutions. The first Constitution of Illinois was adopted in 1818 by a convention, which met in Kaskaskia.

In 1848 a new constitution was adopted. This constitution was noted for the increase of power to the people since they could now elect many government officials. In 1869 another new proposal met with success and became the new constitution in 1870.

In 1969, Illinois voters elected delegates to a new constitutional convention. The Constitution of 1870 had proven to be outdated, and it had been almost impossible to govern Illinois under such a document. A new constitution was written, adopted in convention on September 3, 1970, and approved by the voters on December 15, 1970. The Constitution of 1970 went into force on July 1, 1971. This is the current constitution under which Illinois functions.

The Illinois Constitution is similar in form to the U. S. Constitution. It has a preamble, articles which describe the branches of government-their powers and responsibilities, a bill of rights and amendments. Some major differences are that the federal document only has seven articles, but Illinois has fourteen. The Bill of Rights in the U. S. is the first ten amendments which are located at the end of the document. In Illinois, the Bill of Rights is the first article and amendments are simply changed in the articles.
