G. Wells,2009-05-01 H G Wells A Modern Utopia is a fusion of fiction and philosophy In it Wells explores his ideas for social change the creation of a world state and of what would be needed to facilitate increases in overall human happiness The people of this utopia have to plan for a flexible common compromise in which a perpetually novel succession of individualities may converge most effectually upon a comprehensive onward development This is Wells distinction from past conceptions of utopia that its people aim to be Utopian and that they are essentially the same people that would exist in an ordinary society **The Quest for Utopia** Glenn Negley,J.
