

Graduation Invocation Prayer

(suitable for opening the ceremony)

Dear God,

Today we join with heaven as we celebrate and give thanks for every student here.
Thank you that each one is unique and brimming with potential.
Thank you for leading them in their learning, for keeping them safe as they studied,
and for watching over them in their final exams.
We pray that they may all feel proud this day and enjoy sharing their achievements
with family and friends. May today be a memory that burns bright within them as they
embark on life's great adventure.

Amen.

High School Graduation Prayer

Father, we thank you so much for our time here together
For all the friends we have made
For all the days of laughter and fun
And for all the times of great discovery and learning.
We thank You for all who have given of their energy and skill
So that we can graduate today.
Our teachers and mentors
Our family and loved ones
We thank You for them and give them all to You in prayer.

As this chapter on our life closes, so a new one begins.
We present ourselves like an open book before You.
Come and scribe Your words of life into our lives -
Fill our minds with Your thoughts
Fill our bodies with Your strength
Fill our hearts with Your dreams
That we might eternally love and serve You
This day and every day.

We ask all this in the glorious name of Jesus
Who lives and reigns with You and the Holy Spirit
World without end.
Amen.

Your Medicine Lewis A. Grossman, 2021-09-24 In *Choose Your Medicine* Lewis A Grossman examines the concept of freedom of therapeutic choice in the United States He presents a compelling look at how persistent but evolving notions of a right to therapeutic choice have affected American policy and law from the Revolution through the Trump Era The book is filled with vivid descriptions of activists and lawyers resisting a variety of government limits on therapeutic choice including medical licensing statutes FDA bans on unapproved drugs and alternative remedies abortion restrictions and prohibitions against medical marijuana and physician assisted suicide He further considers the widespread opposition to state compelled health measures like vaccines and face masks

Ideology and Esthetics in Grande Sertão, Veredas by João Guimarães Rosa Robert Royal Krueger, 1978 *A Shared History* Amy J. Lueck, 2020-01-06 In the nineteenth century advanced educational opportunities were not clearly demarcated and defined Author Amy J Lueck demonstrates that public high schools in addition to colleges and universities were vital settings for advanced rhetoric and writing instruction Lueck shows how the history of high schools in Louisville Kentucky

connects with contradicts and complicates the accepted history of writing instruction and underscores the significance of high schools to rhetoric and composition history and the reform efforts in higher education today Lueck explores Civil War and Reconstruction era challenges to the University of Louisville and nearby local high schools their curricular transformations and their fate in regard to national education reform efforts These institutions reflect many of the educational trends and developments of the day college and university building the emergence of English education as the dominant curriculum for higher learning student centered pedagogies and educational theories the development and transformation of normal schools the introduction of manual education and its mutation into vocational education and the extension of advanced education to women African American and working class students Lueck demonstrates a complex genealogy of interconnections among high schools colleges and universities that demands we rethink our categories and standards of assessment and our field's history A shift in our historical narrative would promote a move away from an emphasis on the preparation transition and movement of student writers from high school to college or university and instead allow a greater focus on the fostering of rich rhetorical practices and pedagogies at all educational levels As the definition of college level writing becomes increasingly contested once again Lueck invites a reassessment of the discipline's understanding of contemporary programs based in high schools like dual credit and concurrent enrollment
