Variables, signs and operations
Is what complete an equation
Math is fun, as long as you focus on the discussion
All problems have solution.

Math subject is difficult
But it needs to be figured out
It is full of problems
That we need to solve and write.

Simple math includes the basics
Algebra is a little hard,
It needs all your attention
In order to be figured out.

Variables, signs and operations
Is what complete an equation
Math is fun, as long as you focus on the discussion
All problems have solution.

In reality, you're over with your ex
But in Math, you keep on finding what is x .
You can't move on with the next problem
If the x is still not found.

We started with addition, subtraction, multiplication and division
As we move forward, it gives a lot of confusion
Solving an equation and proving your solution
Gives relief and unexplainable emotion.

Variables, signs and operations
Is what complete an equation
Math is fun, as long as you focus on the discussion
All problems have solution.
