Child Development From Infancy to Adolescence Laura E. Levine, Joyce Munsch, 2023-05-12 Chronologically organized Child Development from Infancy to Adolescence Third Edition introduces topics within the field of child development through unique and engaging Active Learning opportunities

On My Own Xueli Wang, 2021-02-18 2020 ASHE Council for the Advancement of Higher Education Programs CAHEP Barbara Townsend Lecture Award 2021 Transfer Champion Catalyst Award from the National Institute for the Study of Transfer Students NISTS 2021 Outstanding Publication Award AERA Division J Publication and Research On My Own The Challenge and Promise of Building Equitable STEM Transfer Pathways is the first book of its kind to provide a detailed on the ground examination of the difficult paths curricular interpersonal and institutional that students must chart through community college The book follows 1 670 two year college students over four years as they begin STEM programs in the Midwest and documents their educational and life experiences as they moved toward or away from the prospect of transfer to a four year institution Their stories reveal that they were on their own left to navigate the pathways to transfer without meaningful institutional support The students pursued one of four pathways or momentum trajectories linear upward detoured deferred or taking a break The preexisting and lasting disparities in their access to education and financial resources their experiences with teaching and advising and the conundrum between support from and for family among others propelled them onto different trajectories in their quest for transfer As this book makes painfully clear the current state of transfer acts as a mechanism that perpetuates and worsens inequities in educational outcomes As Xueli Wang argues to cultivate an equitable STEM transfer pathway culturally relevant and responsive supports that are accessible welcoming and validating must be put in place at the institutional level and appeal to the talent motivation and unique needs of historically marginalized students In doing so postsecondary institutions will be better positioned to fulfill their promise as an equitable pathway to bachelor s degrees and beyond

Complexity Theory and Educational Leadership in Schools Patrick McQuillan, Laura Schall-Leckrone, Brad Kershner, Anna Noble Dunphy, Ksenia Filatov, 2025-02-20 The research in this volume draws on aspects of complexity theory and its integral link to systems performance to propose a new method for combatting the longstanding opportunity gap and related underperformance of so many underserved students in the American educational system Through a longitudinal case study of the Lynch Leadership Academy at Boston College this research considers the initial conditions and related disequilibrium principals experienced the degree to which principals shared power and authority within their school context and the extent to which they generated a shared school culture founded on collaboration and systematic reflection From these data the authors create a detailed picture of the Academy and its impact on the principals and their schools using a new analytic tool called the systems transformation heuristic designed by the authors to quantify the qualitative dimensions of a school s efforts to enact adaptive change consistent with the complex adaptive system metaphor As such it offers a new foundation for

Kenneth Osgood, Derrick E. White, 2017-10-23 During the four decades separating the death of Martin Luther King and the
election of Barack Obama the meaning of civil rights became increasingly complex Civil rights leaders made great strides in
breaking down once impermeable racial barriers but they also suffered many political setbacks in their attempts to remedy
centuries of discrimination Complicating matters the conservative turn in American political life transformed the national
conversation about race and civil rights in surprising ways This pioneering collection of essays explores the paradoxical
nature of civil rights politics in the years following the 1960s civil rights movement by chronicling the ways in which
presidential politics both advanced and constrained the quest for racial equality in the United States **From West to
