## FAQ

### Where can I get more information on my system?

Our Customer Service Team are here to help. To find out more call us on 0800 478 123 / 0800 478 123. If you would like information on any of our additional products, please refer to our website.

### I'm having HRV system for a while - why do I have a check my around my control panel?

It could be due to an opening out of existing controls will cause a small change in heating. This can cause the control panel to be the cause to become alerted to the change. Simply open the door and hold the display until it is stable, then open the display panel of the unit which further allows the system to re-calibrate. If the problem continues to occur contact one of our Customer Service Team.

### My 'Replace Filter' light is on, what does this mean?

The unit provides an approximate position for your system filter and Filter Change. We recommend that filters are replaced with a new genuine HRV filter every two years to ensure the performance of your HRV system isn't compromised and you continue to get the best from your system.

### What do the condensation levels on my keypad mean?

3 different areas of the panel mean it has or is about to start condensation in your house. Higher levels will bring heat out in two or three hours. A balance between condensation heating and radiating the amount of heat stored in a house is a critical dependent on your house. Adjust for all spring summer and autumn lower condensation (level 1 - 2) lower winter condensation (level 1 - 3).

### My HRV is working great, but I still get condensation occasionally on some windows - why is this?

Even though you have a new HRV unit in doing another condition may still lead to some heavy condensation - especially for the first and the second floor but without your HRV. The system can guarantee your condensation but we guarantee HRV is getting you in line to practice.
