Gilbert Keith Chesterton:

Gilbert Keith Chesterton Maisie Ward, 2005-12-08 Maisie Ward's biography of Gilbert Keith Chesterton has long been a cornerstone in Chesterton studies as well as in the publishing house she and her husband Frank Sheed founded in 1926. Originally published in 1942 just six years after Chesterton's untimely death, this book combines Ward's unique perspective as the author's friend and publisher with an examination of his personal correspondence and interviews with his closest friends and family. Here are Chesterton's childhood and school days, the friendship and foolery of youth, his early theological development, high-spirited love letters, the variety and richness of his travel and life abroad, his lectures, his writings, and his indomitable spirit. A Sheed Ward Classic, this re-release of Ward's definitive biography is sure to delight existing Chestertonians and introduce a new generation to one of Catholicism's brightest lights. From the new introduction by Andrew Greeley: This book had a decisive impact on me and on my life when I read it at the age of sixteen and not merely because my fictional detective Blackie Ryan is an American cousin of GKC's Father Brown. Ms. Ward's biography introduced me not only to a world of literature of which I had been unaware but to a perspective on literature and life which was enormously attractive because it confirmed many of the insights, instincts, inclinations, biases, and loves which were knocking around in my adolescent skull. I have been a Chestertonian all my life, in part because I had been one without knowing it, even before I read Ms. Ward's biography.

[Gilbert Keith Chesterton](#) Maisie Ward, Aeterna Press, 1943. The material for this book falls roughly into two parts: spoken and written. Gilbert Chesterton was not an old man when he died, and many of his friends and contemporaries have told me incidents and recalled sayings right back to his early boyhood. This part of the material has been unusually rich and copious so that I could get a clearer picture of the boy and the young man than is usually granted to the biographer.

Aeterna Press **Orthodoxy (1908), by Gilbert K. Chesterton (Christian Apologetics)** G. K. Chesterton, 2016-07-02. *Orthodoxy 1908* is a book by G. K. Chesterton that has become a classic of Christian apologetics. Chesterton considered this book a companion to his other work *Heretics*, writing it expressly in response to G. S. Street's criticism of the earlier work that he was not going to bother about his theology until I had really stated mine. In the book's preface, Chesterton states the purpose is to attempt an explanation, not of whether the Christian faith can be believed, but of how he personally has come to believe it. In it, Chesterton presents an original view of Christian religion. He sees it as the answer to natural human needs, the answer to a riddle in his own words, and not simply as an arbitrary truth received from somewhere outside the boundaries of human experience. The book was written when Chesterton was an Anglican. He converted to Catholicism 14 years later. Chesterton chose the title *Orthodoxy* to focus instead on the plainness of the Apostles' Creed, though he admitted the general sound of the title was a thinnish sort of thing. Chesterton, *The Man Who Knew Too Much*, capped his brilliant literary career with this exploration of right thinking and how it led to his acceptance of the Christian faith. Although this is a very personal account of his conversion, Chesterton makes it clear he came to a rational

decision based upon his scholarly examination of Christianity's arguments intending to provide a positive companion to the previous Heretics Gilbert Keith Chesterton KC SG 29 May 1874 14 June 1936 better known as G K Chesterton was an English writer poet philosopher dramatist journalist orator lay theologian biographer and literary and art critic Chesterton is often referred to as the prince of paradox Time magazine has observed of his writing style Whenever possible Chesterton made his points with popular sayings proverbs allegories first carefully turning them inside out Chesterton is well known for his fictional priest detective Father Brown and for his reasoned apologetics Even some of those who disagree with him have recognized the wide appeal of such works as Orthodoxy and The Everlasting Man Chesterton as a political thinker cast aspersions on both Progressivism and Conservatism saying The whole modern world has divided itself into Conservatives and Progressives The business of Progressives is to go on making mistakes The business of the Conservatives is to prevent the mistakes from being corrected Chesterton routinely referred to himself as an orthodox Christian and came to identify this position more and more with Catholicism eventually converting to Catholicism from High Church Anglicanism George Bernard Shaw Chesterton's friendly enemy according to Time said of him He was a man of colossal genius Biographers have identified him as a successor to such Victorian authors as Matthew Arnold Thomas Carlyle Cardinal John Henry Newman and John Ruskin
