*J.G. Ballard's Politics* Florian Cord, 2017-01-23  
This book is the first sustained investigation of the political dimension in the work of J G Ballard A product of and reaction to the cultural socio economic moment commonly designated as the postmodern condition Ballard s oeuvre is read as a continuous and developing meditation on the postmodern examining it specifically as an expression of late capitalism The book shows that at the heart of this meditation lies the question of resistance Drawing on a wide range of concepts and ideas taken from the field of critical theory it argues that in the face of a world marked by an unprecedented expansion of capital in which modernity s grand narratives have been invalidated and in which received forms of political struggle have lost their effectiveness Ballard s fiction commits itself to a deliberately irrational and extreme pataphysical thought in order to develop a new discourse of resistance Against past readings that have construed Ballard s writing as non political decadent or quietist the study thus reveals Ballard as a

thoroughly political author committed to a subversive politics In this way the book also constitutes a timely intervention in the ongoing discussion concerning the nature and state of the political [J. G. Ballard](#) Jeannette Baxter,2009-02-12 J G Ballard is one of the most significant British writers of the contemporary period His award winning novels are widely studied and read yet the appeal of Ballard s idiosyncratic and often controversial imagination is such that his work also enjoys something of a cult status with the reading public The hugely successful cinematic adaptations of *Empire of the Sun* Spielberg 1987 and *Crash* Cronenberg 1996 further confirm Ballard s unique place within the literary cultural and popular imaginations This guide includes new critical perspectives on Ballard s major novels as well as his short stories and journalistic writing covering issues of form narrative and experimentation Whilst offering fresh readings of dominant and recurring themes in Ballard s writing including history sexuality violence consumer capitalism and urban space the contributors also explore Ballard s contribution to major contemporary debates including those surrounding post 9 11 politics terrorism neo imperialism science morality and ethics *The New Millennium Manual* Robert G. Clouse,Robert N. Hosack,Richard V. Pierard,1999 A balanced examination of the historical theological and cultural issues raised by the coming new millennium is presented in an illustrated user friendly format *J. G. Ballard* D. Harlan Wilson,2017-11-10 Prophetic short stories and apocalyptic novels like *The Crystal World* made J G Ballard a foundational figure in the British New Wave Rejecting the science fiction of rockets and aliens he explored an inner space of humanity informed by psychiatry and biology and shaped by surrealism Later in his career Ballard s combustible plots and violent imagery spurred controversy even legal action while his autobiographical 1984 war novel *Empire of the Sun* brought him fame D Harlan Wilson offers the first career spanning analysis of an author who helped steer SF in new if startling directions Here was a writer committed to moral ambiguity one who drowned the world and erected a London high rise doomed to descend into savagery and coolly picked apart the characters trapped within each story Wilson also examines Ballard s methods his influence on cyberpunk and the ways his fiction operates within the sphere of our larger culture and within SF itself **Mythic Thinking in Twentieth-Century Britain** M. Sterenberg,2016-06-01 A variety of thinkers used the concept of myth to articulate their anxieties about modernity By telling the story of mythic thinking in Britain from its origins in Victorian social anthropology to its postwar cultural mainstreaming this book reveals a yearning for transcendence in an age long assumed to be disenchanted *FAO Fisheries Technical Paper* ,2001 **Surrealism, Science Fiction and Comics** Gavin Parkinson,2015 The first book to look at the relationship either between Surrealism and Science Fiction or between Surrealism and comics *Gregg College Keyboarding and Document Processing (Gdp), Student Manual, Word 2000* Ober,2001-08 [Asia Diagnostic Guide to Aquatic Animal Diseases](#) Food and Agriculture Organization of the United Nations,2001 This publication provides a comprehensive diagnostic guide for the pathogens and diseases listed in the NACA FAO OIE Quarterly Aquatic Animal Disease Reporting System for use for both farm and laboratory level diagnostics in the Asia Pacific region
