Sallets, Humbles and Shrewsbury Cakes Ruth A. Beebe, 2001 A review of any cluttered cookbook shelf will reveal a surfeit of fetching illustrated full color books of contemporary cuisine and a shocking lack of titles dealing with the real and often fascinating history of gastronomy This compendium of Elizabethan recipes gathered annotated and we might add carefully tested by Ruth Anne Beebe is not only historically accurate and in places downright fun but also accessible to the modern chef For in addition to a rich selection of the original Elizabethan recipes Beebe has provided modern formulations including ingredients and measurements And there is much more to this cuisine than the expected meat and Shepherd's pie here is fascinating advice on how herbs were used to flavor and preserve how ale was brewed and how to fry an egg as round as a ball In addition to the recipes themselves the book offers sample menus a glossary an index and a host of elegant and wonderfully evocative period woodcuts all printed in red

Cooking and Dining in Medieval England Peter C. D. Brears, 2008 The history of medieval food and cookery has received a fair amount of attention from the point of view of recipes of which many survive and of the general context of feasts and feasting It has never as yet been studied with an eye to the real mechanics of food production and service the equipment used the household organisation the architectural arrangements for kitchens store rooms pantries larders cellars and domestic administration This new work by Peter Brears perhaps Britain's foremost expert on the historical kitchen looks at these important elements of cooking and dining He also subjects the many surviving documents relating to food service household ordinances regulations and commentaries to critical study in an attempt to reconstruct the precise rituals and customs of dinner An underlying intention is to rehabilitate the medieval Englishman as someone with a nice appreciation of food and cookery decent manners and a delicate sense of propriety and seamliness To dispel the myth that is of medieval feasting as an orgy of gluttony and bad manners usually provided with meat that has gone slightly off masked by liberal additions of heady spices A series of chapters looks at the cooking departments in large households the counting house dairy brewhouse pastry boiling house and kitchen These are illustrated by architectural perspectives of surviving examples in castles and manor houses throughout the land Then there are chapters dealing with

the various sorts of kitchen equipment fires fuel pots and pans Sections are then devoted to recipes and types of food cooked
The recipes are those which have been used and tested by Peter Brears in hundreds of demonstrations to the public and
cooking for museum displays Finally there are chapters on the service of dinner the service departments including the
buttery pantry and ewery and the rituals that grew up around these Here Peter Brears has drawn a wonderful strip cartoon
of the serving of a great feast the washing of hands the delivery of napery the tasting for poison etc which will be of
permanent utility to historical re enactors who wish to get their details right **Encounter** ,1978 **Bon Appétit** ,1978
