returned from her honeymoon with Gideon and is taking great pride in having completely forsaken her disreputable past. Then her friend Anna Vanderslice begs her to use her talents to save her widowed mother from an unscrupulous medium. Since the war and the flu epidemic left so many families in mourning, séances have come back into vogue as desperate families long to communicate with their loved ones. Anna's mother has been attending séances in hopes of connecting with her son David who died of influenza. Anna had thought it a heartbreaking but harmless activity, but she's just learned that Mrs Vanderslice is paying the medium ever increasing sums of money in her eagerness to make contact. Since David's death has already caused Anna and her mother financial hardship, Mrs Vanderslice's obsession is in danger of ruining them. Madame Ophelia is working with a group of con artists to fleece as many grieving New Yorkers as possible before moving on to another city. Several of Mrs Vanderslice's friends as well as some of Gideon's clients have already been victims. Elizabeth knows that simply exposing the medium as a fraud will not be enough to recoup the stolen money; the only way is to con the medium and her cohorts. But will Elizabeth's family help her when it means betraying other con artists? Elizabeth recruits Gideon, her aunt Cybil, and her partner Zelda to lend a hand. Can Elizabeth and her gang of amateurs fool the professionals? Or will speaking to the dead lead to deadly consequences?

**The Joy of Sharing** Charles Boyd, 2007. This book gives an insight into two very fascinating aspects of parapsychology, namely psychic phenomena and reincarnation, which are closely linked. This would become apparent to you as you become enthralled in the book. Parapsychology could be defined as the scientific approach to paranormal activities which are outside the domain of physical laws. Millions of people throughout the world are craving for answers to burning questions such as WHERE DID WE COME FROM, WHY ARE WE HERE, WHERE DO WE GO FROM HERE. This book provides answers to these and other questions based on real life experiences, extensive research done by eminent psychiatrists, and case studies based on facts. The author has had several experiences and these are analysed in detail. The entire book is in a question and answer format. The author has put himself in your position and has anticipated the questions you would ask and provides convincing answers. Some of the topics covered are near death and out of body experiences, self and inner self, psychokinesis, super-conscious, spirit guides, karma, continuation of vocational competence, karmic debts and illnesses, child-parent relationships, aptitudes and traits. This is an invaluable reference book and an encyclopaedia of knowledge and facts and should take pride of place on the bookshelves of every household. It explains in simple language the meaning and purpose of life and most importantly what positive steps you could take to change your life style. He points out that the adoption of the Charles Boyd Philosophy Of Life principles could lead you to a life full of unconditional love, peace and harmony, humility, compassion, and selfless service. He is confident you could thereafter look forward to a better and spiritually richer life now and in the life to come.
