

Answer **all** the questions.

Each question is followed by four options labeled A to D. Find the correct option for each question and shade, in pencil, on your answer sheet, the answer space which bears the same letter as the option you have chosen. Give only one answer to each question. An example is given below.

The ages, in years, of four boys are 10, 12, 14 and 16. What is the mean age of the boys?

- A. 12 years
- B.  $12\frac{1}{2}$  years
- C. 13 years
- D.  $13\frac{1}{2}$  years

The correct answer is 13 years, which is labeled C, and therefore answer space C would be shaded.

[A]

[B]

[D]

Think carefully before you shade the answer space; some completely wrong answers (c) you wish to change.

Do **all** rough work on this question paper.
