

EMERGENCY PREPAREDNESS QUIZ ANSWERS

1. A family emergency plan is the best way to prepare you and your loved ones for a natural disaster or terrorist act.
 - a. **True:** *Be informed and prepared. Talk to your family about why you need to be prepared for disasters. Then, make a family emergency plan and practice it with your family.*
 - b. False
2. A family emergency plan consists of having emergency supplies and a first aid kit handy.
 - a. True
 - b. **False:** *Storing emergency supplies is just one part of a plan. Your family members should know where the emergency supplies are stored, plus they should know: the news stations that will broadcast emergency information; escape routes from your house; your family's emergency contact numbers; where family members will meet if you get separated during an emergency; your child's school emergency plan; and your community's public alert system.*
3. Every family member should be familiar with your emergency plan since they each play an important role.
 - a. **True:** *From the youngest to the oldest, all family members can help, from gathering supplies to practicing how they would get out of the house in a hurry.*
 - b. False
4. How often should you practice your family emergency plan?
 - a. Once a year
 - b. Every six months
 - c. **Every three months:** *Your emergency plan should be practiced at least four times a year to make everyone familiar with it.*
 - d. Only during an emergency
5. A family emergency plan should NOT include which of the following?
 - a. Information about the emergency plan at your children's schools
 - b. The name and phone number of an out-of-town contact person
 - c. A list of important phone numbers, including those of doctors and emergency services
 - d. **Arrangements for each person in the family to be at a specific land line telephone at a specific time:** *The arrangements for each family member to be at a specific land line telephone at a specific time may not be possible or useful during disasters. Families should create an emergency plan and carry important information with them so they know how to get in touch and get back together during an emergency. Finally, both telephone land lines and cell phones may be overloaded or out of service during or after an emergency, so knowing in advance where to meet is important.*
 - e. A central meeting spot outside your home and one outside your neighborhood in case you need to leave the area
6. Which of the following is NOT a recommended action for emergency preparedness?
 - a. Creating a family emergency plan
