Analytical Guide to Television's Battlestar Galactica John Kenneth Muir,1999 When the space drama Battlestar
Galactica debuted on ABC in 1978 it was expected to be the most popular new program of the year Instead it was attacked as
a Star Wars rip off and canceled after a mere 17 stories The author acknowledges the show was full of dramatic clichs and
scientific inaccuracies but despite these shortcomings Battlestar Galactica was a dramatically resonant series full of unique
and individual characters such as Commander Adama Lorne Greene and ace warrior Captain Apollo Richard Hatch The
author contends that Battlestar Galactica was a memorable attempt to make science fiction accessible to mainstream
television audiences The brilliant work of artist John Dykstra brought a new world of special effects to network television
Battlestar Galactica also skillfully exploited legends and names from both the Bible and ancient mythology which added a
