Jesus The Controversial Messiah:

Jesus: the Controversial Messiah Maxim Mikulak, 2014-12-19 Was Jesus the Messiah of Israel How did he see himself How did his contemporaries see him How do we judge the many claims that have been made on his behalf Maxim W Mikulak Ph D synthesizes a vast array of material to arrive at a compelling portrait of the historical Jesus living in a time of great upheaval struggling to interpret Jewish prophesy and to define his spiritual calling in relation to it Dr Mikulak follows where the evidence leads as he examines the contradictory Scriptural passages surrounding such pivotal events as Jesus baptism by John his trial and crucifixion as well as his resurrection Jesus The Controversial Messiah is a thought provoking tour de force

Koontz, 1931 The Son of David in Matthew's Gospel in the Light of the Solomon as Exorcist Tradition Jiri

Dvoracek, 2016-05-30 Jiri Dvorak examines the usage of the messianic title Son of David in Matthew's Gospel against the background of contemporary Jewish ideas focusing especially on how the Solomon as exorcist tradition shaped Matthew's final portrait of Jesus as the healing Messiah *The Spirit of Contradiction in Christianity and Buddhism* Hugh

Nicholson, 2016-02-01 The cognitive science of religion has shown that abstract religious concepts within many established religious traditions often fail to correspond to the beliefs of the vast majority of those religions adherents And yet while the cognitive approach to religion has explained why these theologically correct doctrines have difficulty taking root in popular religious thought it is largely silent on the question of how they developed in the first place Hugh Nicholson aims to fill this gap by arguing that such doctrines can be understood as developing out of social identity processes He focuses on the historical development of the Christian doctrine of Consubstantiality the claim that the Son is of the same substance as the Father and the Buddhist doctrine of No self the claim that the personality is reducible to its impersonal physical and psychological constituents Both doctrines are maximally counterintuitive in the sense that they violate the default expectations that human beings spontaneously make about the basic categories of things in the world Nicholson argues that that these doctrines were each the products of intra and inter religious rivalry in which one faction tried to get the upper hand over its ingroup rivals by maximizing the contrast with the dominant outgroup Thus the pro Nicene theologians of the fourth century developed the concept of Consubstantiality in the context of an effort to maximize against their Arian rivals the contrast with Christianity's archetypal other Judaism Similarly the No self doctrine stemmed from an effort to maximize against the so called Personalist schools of Buddhism the contrast with Brahmanical Hinduism with its doctrine of an

unchanging and eternal self In this way Nicholson shows how religious traditions to the extent that their development is driven by social identity processes can back themselves into doctrinal positions that they must then retrospectively justify

The Messiah James H. Charlesworth,1992 An international team of prominent Jewish and Christian scholars focus on the historical and theological importance of the presence or absence of the term Messiah and messianic ideas in the Hebrew Scriptures New Testament Philo Apocrypha Pseudepigrapha Josephus and Dead Sea Scrolls This volume stems from the First Princeton Symposium on Judaism and Christian Origins

The Real Kosher Jesus Michael L. The Great Controversy Between Christ and Satan During the Christian Dispensation Ellen G. White,1907

The Messiah Myth Thomas L. Thompson,L Thompson,2009-04-20 Since the eighteenth century scholars and historians studying the texts of the Bible have attempted to distill historical facts and biography from the mythology and miracles described there That trend continues into the present day as scholars such as those of the Jesus Seminar dissect the Gospels and other early Christian writings to separate the Jesus of history from the Christ of faith But with *The Messiah Myth* noted Biblical scholar Thomas L Thompson argues that the quest for the historical Jesus is beside the point since the Jesus of the Gospels never existed Like King David before him says Thompson the Jesus of the Bible is an amalgamation of themes from Near Eastern mythology and traditions of kingship and divinity The theme of a messiah a divinely appointed king who restores the world to perfection is typical of Egyptian and Babylonian royal ideology dating back to the Bronze Age In Thompson s view the contemporary audience for whom the Old and New Testament were written would naturally have interpreted David and Jesus not as historical figures but as metaphors embodying long established messianic traditions Challenging widely held assumptions about the sources of the Bible and the quest for the historical Jesus *The Messiah Myth* is sure to spark interest and heated debate
